

## **SORTING OUT THE RANCH**

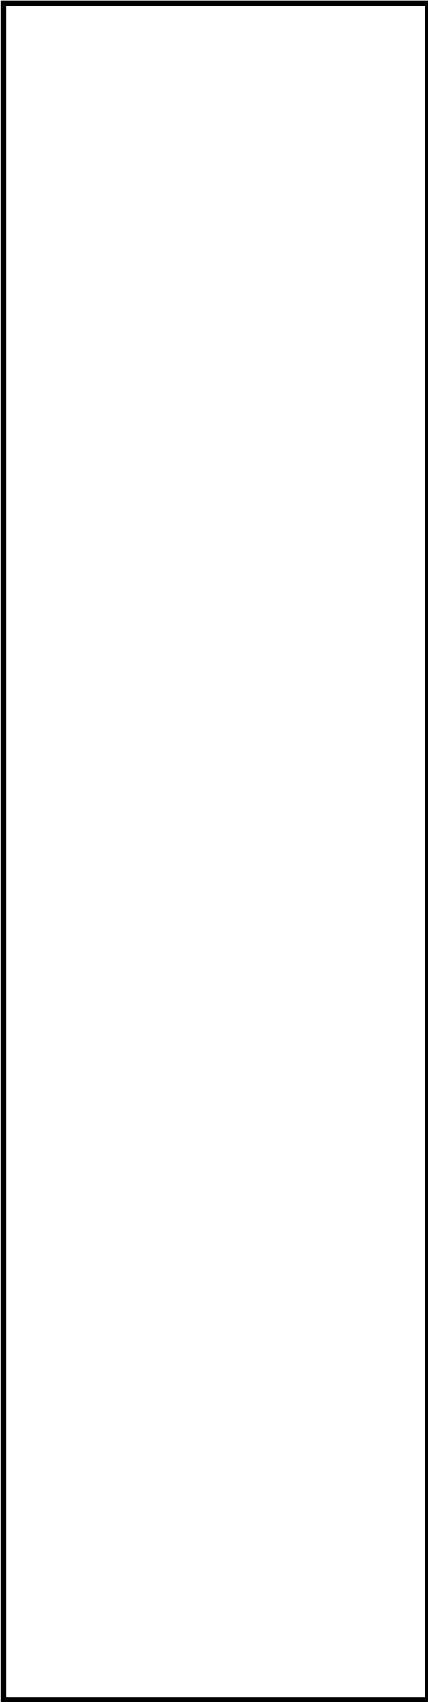

Our ranch animals got mixed up! Help our ranch hands sort our animals back into groups.

Parents/Educators: Have students cut out the animals on this page. On the “Ranch Sorting” pages, have students place the animals into the correct categories based on observable traits. Each animal may fit multiple categories, so try doing one “sorting page” at a time! If you want to glue the pictures to the sheet, print multiple copies of this page.

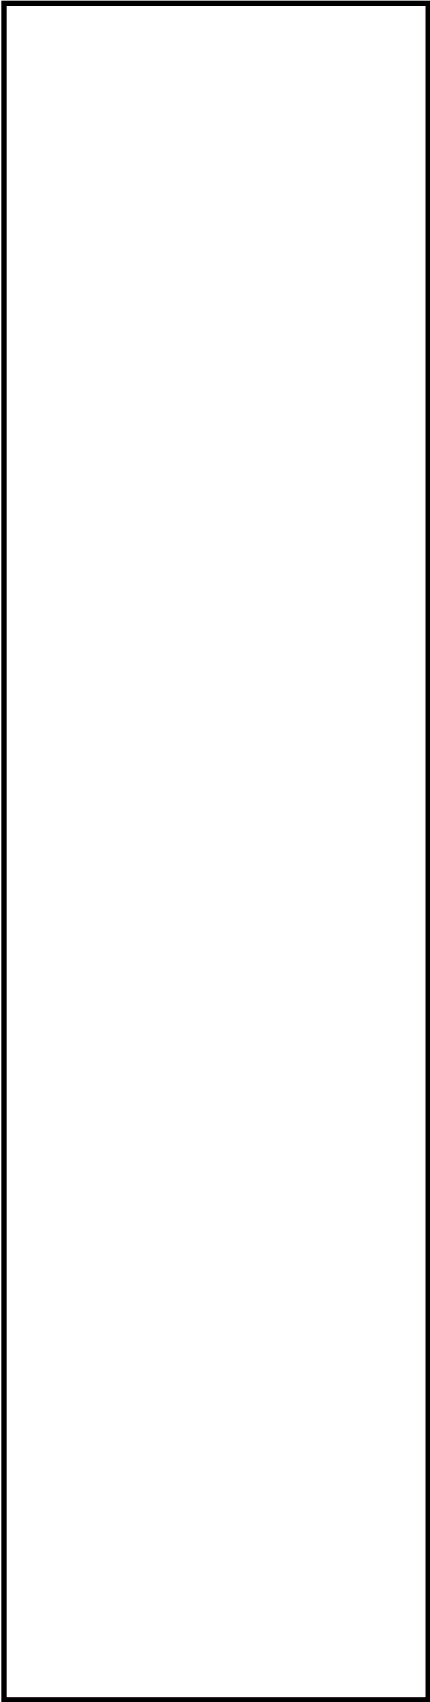

**RANCH SORTING: COLOR**

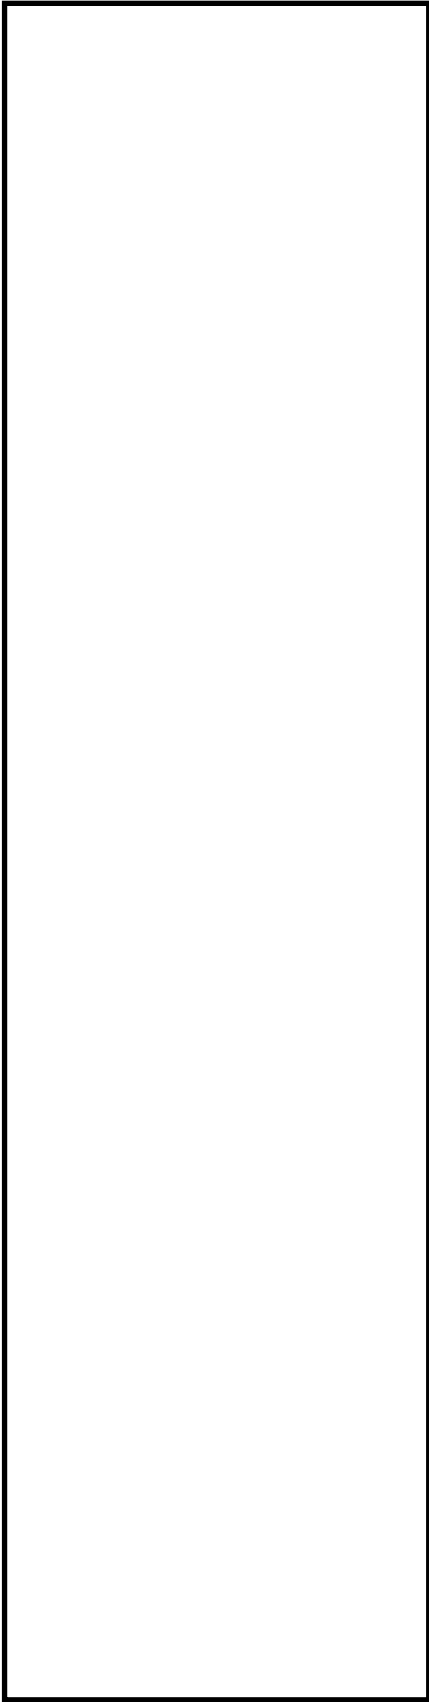

**BROWN**

A large, empty rectangular box with a black border, intended for sorting brown items.

**BLACK & WHITE**

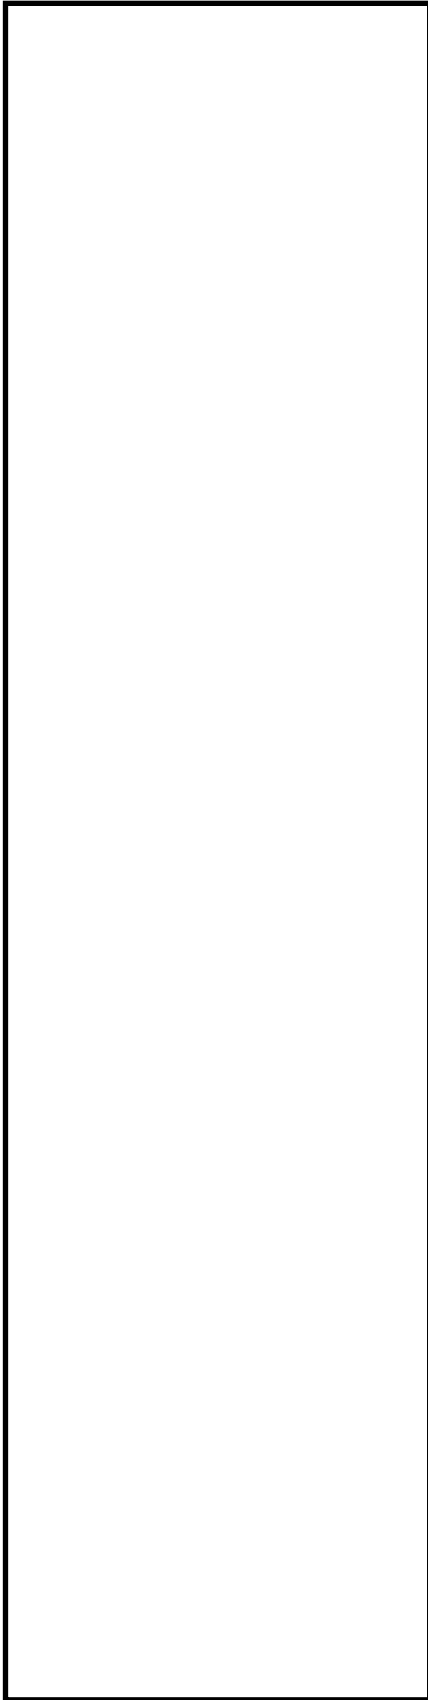

A large, empty rectangular box with a black border, intended for sorting black and white items.

**MULTI-COLOR**

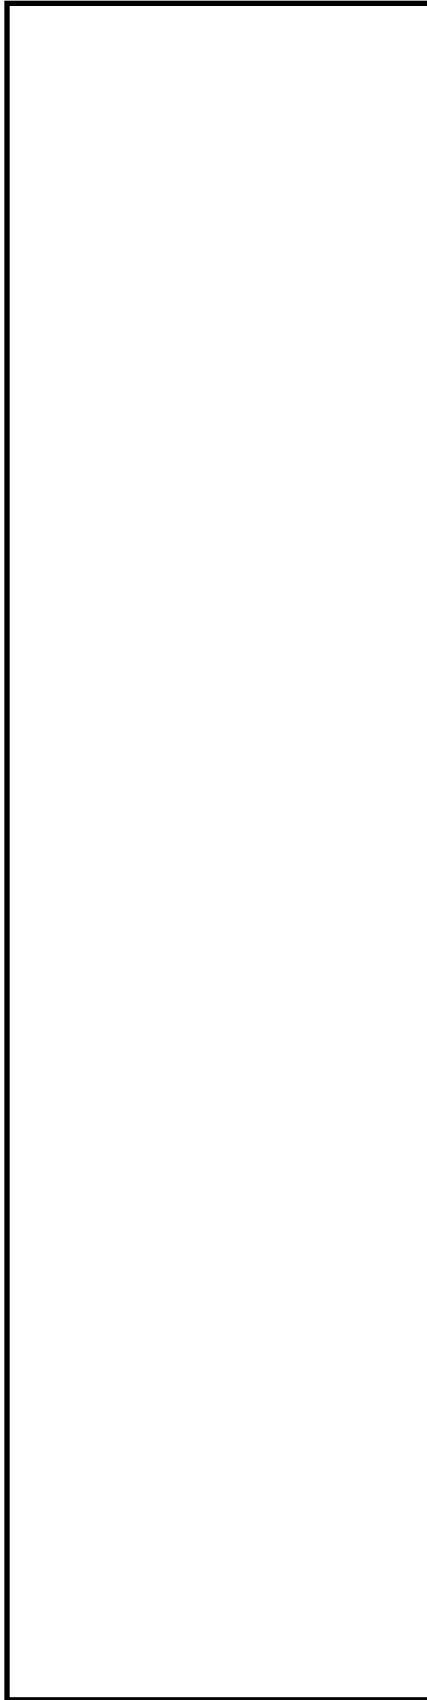

A large, empty rectangular box with a black border, intended for sorting multi-colored items.

## RANCH SORTING: COAT

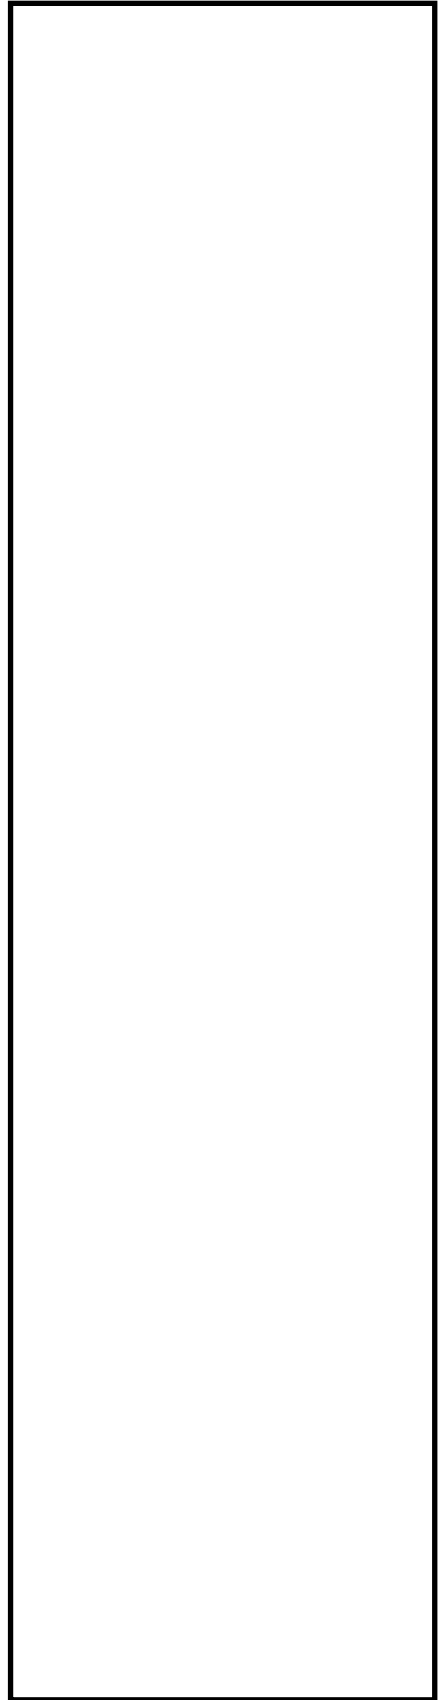

HAIR

A large, empty rectangular box with a black border, intended for sorting items that have hair.

FEATHERS

A large, empty rectangular box with a black border, intended for sorting items that have feathers.

OTHER

A large, empty rectangular box with a black border, intended for sorting items that do not fit into the other two categories.

**RANCH SORTING: NECK**

**LONG NECK**

**SHORT NECK**

**MEDIUM NECK**

**RANCH SORTING: HORNS**

**HORNS**

**NO HORNS**
